Rainy seasons (March – May) & (September/October – November)

- Rain is heavy and persistent with downpours or thunderstorms

Dry Seasons (June – mid-September/October) & (December to February)

- Short dry season

COMMUNITY

Communities close to Singita reserves are key role-players in preserving the integrity of wilderness area and their wildlife. It is therefore important that they understand and benefit from the existence of the reserves. Singita's long-term, broad community development objective is to assist communities to thrive, both economically and socially.
